## ABOUT COMPANY

At One Diksha, we believe in a new era of education—one that is practical, career-focused, and guarantees employment. We have designed a job-secured learning experience that doesn't just teach you to code but ensures you start your career in tech with confidence.

## Tools covered

## Our Services

### CRM

CRM stands for customer relationship management, which is the practice of managing contacts with existing and prospective customers during the sales cycle.

### HRMS

An HRMS digitizes and automates HR activities, allowing HR team members to work quicker, smarter, and more efficiently, allowing them to focus on improving employee .

### E COMMERCE

E-commerce is the practice of purchasing and selling goods or services over the Internet. It has grown in popularity as a method of conducting business because to its convenience and accessibility.

## Our Vision & Mission

- Education guarantees employment - No more uncertainty, no more waiting, no more struggling with endless job applications.
- To build a global ecosystem where students, mentors, and hiring partners work together to drive innovation, skill development, and career success.
- To make tech education accessible, practical, and results-oriented.
