ABOUT COMPANY

At One Diksha, we believe in a new era of education—one that is practical, career-focused, and guarantees employment. We have designed a job-secured learning experience that doesn't just teach you to code but ensures you start your career in tech with confidence.

Tools covered

Our Services

CRM

CRM stands for customer relationship management, which is the practice of managing contacts with existing and prospective customers during the sales cycle.

HRMS

An HRMS digitizes and automates HR activities, allowing HR team members to work quicker, smarter, and more efficiently, allowing them to focus on improving employee .

E COMMERCE

E-commerce is the practice of purchasing and selling goods or services over the Internet. It has grown in popularity as a method of conducting business because to its convenience and accessibility.

Our Vision & Mission

- Education guarantees employment - No more uncertainty, no more waiting, no more struggling with endless job applications.
- To build a global ecosystem where students, mentors, and hiring partners work together to drive innovation, skill development, and career success.
- To make tech education accessible, practical, and results-oriented.
